

## ABOUT US

### What is Conversation Missions Deck?

Conversation Missions Deck is a portable system designed for group travel, offering location-based conversation prompts and secret missions, in order to spark meaningful conversations and collaborative adventures, making group travel more fun and enjoyable.

### Our Vision

Conversation Missions Deck aims to enhance group travel experiences by fostering meaningful conversations, encouraging collaboration, and creating unforgettable moments, ultimately building stronger relationships and deeper connections among group members.

unforgettable! Try the  
Conversation Missions Deck and  
turn every moment into an  
opportunity for connection and  
adventure!

## CONVERSATION MISSIONS DECK

Bringing Groups Together,  
One Card at a Time.

## ENHANCING GROUP TRAVELLING

### Why group travelling needs a boost?

On group trips, people often struggle with communication and decision-making, leading to frustration and missed opportunities for shared experiences. Conflicting preferences and lack of involvement can make it hard for everyone to connect and enjoy the trip, highlighting the need for a fun way to engage all members and foster communication. Group travel needs a boost to ensure all voices are heard and experiences are shared.

## THE PROTOTYPE

Our prototype consists of a single card with two buttons, simulating the experience of an individual user within a group setting.

### How does it work?

### Innovative Features

The Conversation Missions Deck transforms group travel through:

- **Physical Interaction:** Tangible cards encourage face-to-face engagement and reduce device dependency.
- **Context Adaptation:** Location-based prompts create unique, relevant experiences tailored to each environment.
- **Conversation Promotion:** Designed to spark meaningful discussions among group members.
- **Random Fun:** Secret missions add an element of surprise and spontaneity, enhancing group dynamics.
